1 % 90c 91c 1b30 REV. J. R. EGBERT'S LECTURE.-Night

before last the Rev. Mr. Egbert delivered, in the public school-house, an admirable lecture on the "True Aim and Scope of Education." The lecture was clear, forcible and instructive, every word of it being replete with good, sound sense and useful suggestions. There were, however, only thirteen auditors to hear what, we do not hesitate to say, was an intellectual treat rarely accorded to an andience here. Is it not a crying shame that the disinterested zeal of the eloquent young clergyman, who takes so much trouble to stir up a sense of responsibility in a matter of vital importance to the well-being of our little ones, should meet such a cold response from the parents and relatives, who, one would think, are the most concerned in the object of the lecture? At the earnest request of the few who were present, Mr. Egbert has consented to repeat his address, in the same place, on Saturday next, at 7½ p. m. It is to be hoped that on that occasion the parents and relatives of the children attending school will be more numerously represented—especially as the expression of their opinion as to the necessity of improved school accommodation will be invited.

JUDGE HALL AND BRISTOL .- Judge C. P. Hall, whom we formerly knew as Probate Judge of Deer Lodge county, Montana, but who is now extensively interested in mines in Bristol district, paid us a friendly call yesterday. Notwithstanding the Judge expressed objections to having the promising mines of Bristol given newspaper notoriety, his own views and observations accord so fully with all the reports we have had from that section during the last month, that we cannot forbear putting on record the very strong probabilty that Bristol will rank, ere many months, with the first bullion producing camps in the State. Developments are now in progress which promise that steady employment will be given to five or six hundred men in Bristol district the coming summer. Judge Hall is materially interested in a number of the Bristol mines, the most thoroughly veloped of which is the Hercules. The Hercules ore is of the smelting class, and is surprisingly rich. There is a vast amount of it out ready for reduction. The immense new furnaces at Bristol are the largest and most complete on the coast, and will soon be put in oper-

NEWS FROM WALLAPAI. - A party of miners arrived here, day before yesterday, from Wallapai, Arizona. They say the ores of that district are good, and the ledges well defined and of sufficient extent, but that there is no capital in the country, and that there are more men than there is work for at cash wages. They think Wallapai has a bright future, but discourage stampeding in that direc-tion at the present time. One furnace had been running, and successfully, but it had suspended operations at the time our informant left—from what cause they could not say.

MR. WM. Copy, just in from Wallapai district, on horseback, reports the roads in bad condition all along the Meadow Valley Wash, but fair on the Muddy. He was six days making the trip from Wallapai to Bullionville. There are three towns in Wallapai district, Chlo-ride, Mineral Park and Cirbat, which are about five miles apart, and each has a population of from four to five hundred. Mr. Cody passed a large number on the road to Wallapai from Pioche. He thinks the majority of them will be disappointed in seeking employment.

STAGE LINE TO BRISTOL .- A company has been organized in the city, we are credibly informed, to put in operation, in a few days, a stage line between Pioche and Bristol. It will prove a great convenience to both places, and, we trust, profitable to the proprietors. It will probably start as a tri-weekly. A post-office is needed at Bristol and daily mail service between here and there. Peti-tions should be circulated asking these favors of the postal department.

THE EVENING BELLS.

Those evening bells! those evening bells! How many a tale their music tells Of youth, and home, and native clime, Where I first heard their southing chime

Those pleasant hours have passed away, And many a heart that then was gay Within the tomb now darkly dwells, And hears no more those evening bells

And so it will be when I am gone,-That tuneful peal will still ring on, When other bards shall walk these dells, And sing your praise, sweet evening bells.

THE following communication is from parent and taxpayer:

EDITOR RECORD: I was one of those who attended the educational meeting Tuesday evening, and not seeing any report in this morning's paper, send along the following notes: One would natur-ally expect at such a meeting to see a large gathering of the parents, but instead there was only one patron of the school, though there were present twelve other persons interested in the cause of education. We had a very able and interesting address from Rev. J. P. Egbert on the general subject of education followed by a discussion of the need of our schools in this place. It was felt that something must be done to arouse more interest and bring about the needed improvements, and on motion of A. B. O'Daugherty, Esq., it was resolved that a meeting of parents and tax-payers be called for next Saturday evening at 7½ o'clock, and that Rev. Mr. Egbert be requested to repeat his address at that time. If there are persons interested in the cause of education it is to be hoped they will be present.

Pioche February 26, 1873.

A Rallroad Certain.—Private inc. other persons interested in the cause of

A RAILROAD CERTAIN.-Private information from Salt Lake City, which is authentic, assures us that Pioche will be put in railroad communication with that place within two years. The consolidation of the Salt Lake and Bingham Canyon and Salt Lake and Sevier Valley Railroad Companies means business, and no mistake. Strong forces of men will be put to work grading as soon as spring opens, and iron and rolling stock have already been negotiated for in the East. The Palisade, Eureka and Pioche Company must push shead fast if they would get the first train in here.

THE POSTOFFICE IMPROVEMENT. - Postmaster Barnes has added a great improvement to the postoffice, both ornamental and useful. He has placed in position three hundred lock-boxes, nenty painted and numbered. They are diagonally arranged from the entrance, so that a dozen can at the same time be unlocking their mail without crowding each other; and the place of general delivery has been enlarged and embelished. Our postoffice now presents a very citylike appearance.

ROUGH ACCOMMODATION, -- A young man from Utah went to the Sheriff's office, night before last, saying he was told he could get lodging by calling there. The Sheriff told him he had no place to put him except in the jail; and in the jail he willingly went. The prisoners, ascertaining the circumstances, proceeded to "josh" him at such a lively rate that he was glad to be released and seek quarters eleawhere. elsewhere.

JUVENILE DEPRAVITY.-If there is a law to restrain the youths of Nevada from going to the devil it ought to be put in force; and if there is no such a law such an one ought to be enacted. It is no unusual thing to see the gambling shops and saloons of Pioche thronged with urchins below sixteen years of age. The first steps towards the gallows or penitentiary are usually thus taken.

We thought it was unnecessary, in the last decades of the nineteenth century. to state that publishers are not responsi-ble for what enters their advertising col-umns, so long as the matter is free of absolute obscenity; but this fact does not seem to be generally understood in Pioche. The advertising space of news-papers is a saleable commodity.

In the Justice's Court, yesterday, Joseph F. Mayott appeared, plead guilty to the charge of peddling without a license, and will appear this morning for sent-ence. Mr. Mayott says he was ignorant of the fact that he was liable to license exaction.

To ARRIVE To-DAY .- The following passengers left Hamilton yesterday for Pioche, who will arrive on to-day's stage: Ed. French, L. Lewis, D. Strickland, S. P. Leeds, D. B. Nye, Mrs. French, Mas-

BOONE & DOLMAN have closed a contract with ranchers in Utah, near Beaver, to immediately deliver them a large quantity of hay, it being impossible to get hay at the present time from lower Meadow Valley.

THE Raymond and Ely Mining Company had a large number of men at work yesterday shoveling snow from the graded road which leads around the hill to their dump pile.

THE last we heard of Deputy Indian Agent Ingalls he was coaxing the Indians down on the Muddy to accept his leg-wool patches called blankets.

ARRIVED LAST NIGHT .- The following passengers arrived by last night's Hamilton stage: Miss M. O'Brine, C. C. Conway and Mike Delehante.

In the District Court yesterday, all the time was occupied in the trial of the at-tachment case of Coburn vs. Newman, still pending.

Eggs, butter and potatoes are getting scarce in the market, owing to the in-clement weather and the bad state of the roads.

THE snow melted considerably about the middle of the day yesterday, but enough is left for the boys to enjoy fine coasting.

A NUMBER of freight teams arrived today, both from Toano and Lehi. They were from forty to sixty days on the road.

QUICKSILVER was getting scarce, but we think a quantity arrived yesterday.

D. C. BUTTERFIED, a prominent business man of Balt Lake City, is in town. H. WARD received a large invoice of furniture yesterday.

THEATER.-Last night Frou Frou was given again in the same excellent style as previously. Mr. Maguire has re-engaged Mr. and Mrs. F. M. Bates to give twelve more special performances, the first commore special performances, the mencing to-night, when Kotzebue's grand play of the "Stranger" will be given—Mr. and Mrs. Bates in the principal roles. To-morrow night Giacipal roles. To-morrow night Gia-cometti's great historical play of "Eliz-tbeth." Queen of England, will be given. Mrs. F. M. Bates' rendition of this most difficult role is spoken of by the press of difficult role is spoken of by the press of California and the Eastern States in terms of highest praise. Hitherto we have seen this talented lady in only the emotional order of plays, such as "East Lynne," "Camille," etc. In Elizabeth she appears in a grander school of dra-ma and in which she evinces her great sne appears in a grander school of dra-ma, and in which she evinces her great versatility, especially in the last scene, which we compared to Chas. Kean's last scene of Louis the XI. Tickets can be secured to-day for to-morrow's perform-ance, as well as to-night's. After this evening the admission to private boxes will be to delless.

will be ten dollars. A VALUABLE horse belonging to H. A. Thomas is suffering from secondary epizootic, or the dropsical stage, and the probability is that he will die. He was in fair way to recover from the first at-tack, but, having been put to work, had a relapse. Don't work epizootic horses too soon.

SUBSCRIBED LIBERALLY.-Messrs. Fish and Caldwell yesterday waited upon citizens to receive subscriptions towards supporting a resident Presbyterian min-ister in Pioche. We are gratified to learn that a liberal amount was subscribed. The canvass, we believe, is not yet com-

A PROSTITUTE was found, night before last, late, by a colored man on his way home, lying out in the snow back of the Court House. His attention was attracted to her by her groans. He assisted her home. She was intoxicated, and came near perishing from cold.

THE Main street loafers met with a terrible disappointment yesterday afternoon. There was a stubbornly-contested dog-fight on the hill-side down below the Hospital, and it was all over before they heard anything about it. What a splen did lot of fun all gone to waste.

A non fight occurred yesterday morning at the corner of Main and Lacour streets. Only three or four hundred men had got to the scene before the sublime spectacle was brought to an inglorious close by the infuriated canines being separated. ICE COMING IN .- Considerable ice ar-

rived yesterday from Rose Valley. The cakes average ten inches in thickness, and are as crystaline as could be desired. We will appreciate it about four months

THE parties engaged in the drugging, the other night, are liable to be arrested. The charge, if it can be proved, may be put in such a shape as to make the penalty extremely severe. ARRIVAL OF FAST FREIGHT .- Two fast

freight teams arrived yesterday afternoon, bringing varied merchandise. Notwith-standing the very bad state of the roads, they came in on time. We were yesterday shown some remarkably rich ore from the Chief Fast

Extension mine. The vein from which it was taken has just been struck and it is widening rapidly. THE funeral of Peter Duffy took place

yesterday afternoon. Though a stranger in Pioche, his remains were followed to the grave by a number of citizens. TAX NOTICE .- Mining Superintendents will find it to their interest to read the

advertisement of K. J. Hanley, County Assessor, in another column. PARTIES just in from Rose Valley report that there is but little snow there.

It was raining there when it was snow

ing here. ARRIVAL OF MACHINERY. - Several loads of machinery arrived yesterday afternoon, from Toano, for the new Mendha mill at
